Date: Mangsir 03, 2083

The Research Management Committee announces the recipients of the **Mini Research Grants 2083**. In accordance with the approved grant selection framework, all submitted research proposals underwent a rigorous and transparent evaluation process. The assessment comprised a preliminary desk review, proposal presentations, expert evaluations, and a comprehensive appraisal of each proposal's academic merit, originality, methodological soundness, feasibility, and alignment with the College's research priorities and strategic objectives.

The selected researcher/s are requested to complete the required grant agreement and other administrative formalities within **Mangsir 10, 2083** to facilitate the timely implementation of their research projects.
