About College

Madan Bhandari Memorial College (MBMC), a well-established community college, was founded in 2001 with the mission of providing quality higher education. In 2025, the college received institutional accreditation from the University Grants Commission (UGC) Nepal in recognition of its high standards in academics, administration, and infrastructure. MBMC offers a wide range of academic programs, including Master's degrees in Sociology, Journalism and Mass Communication, and English, as well as bachelor's programs in BSc CSIT, BCA, BBM, BBS, and BA with specializations in Sociology, English, Journalism and Mass Communication, and Social Work. The college is managed by a dedicated team of academics and social leaders committed to maintaining academic excellence and fostering the institution's continuous growth and development.

VISION

Excellence in Leadership for Transformation

MISSION

- Provide quality education to students from all strata of society
- Serve the nation by producing skilled, disciplined, and socially responsible graduates
- Equip graduates to contribute effectively to their professions and to national and global communities
- Foster an enriching learning environment in both formal and informal settings

Message from the Chairperson

“

Since its establishment in 2001, Madan Bhandari Memorial College has remained committed to realizing its vision, “Excellence in Leadership for Transformation,” by fostering the holistic development of its students. Alongside its strong emphasis on academic excellence, the college encourages students to participate actively in co-curricular and extracurricular activities, including cultural, educational, and sporting events, to enhance their leadership, creativity, teamwork, and other essential life skills.

The College Management Committee is committed to maintaining an ethical, inclusive, and academically enriching learning environment. Through quality education, effective governance, and continuous institutional improvement, the college strives to prepare competent graduates who can assume leadership roles and make meaningful contributions to society. We remain dedicated to strengthening MBMC as a leading centre for higher education in Information Technology, Management, and the Humanities, while assuring our students, parents, and other stakeholders of our unwavering commitment to academic excellence and institutional development.

Mahendra Bahadur Pandey

Message from the Campus Chief

“With great pleasure and enthusiasm, I extend a warm welcome to all aspirants of higher education as you embark on the exciting journey of exploring the possibilities that await you at Madan Bhandari Memorial College. As the Campus Chief, I am delighted to introduce you to a vibrant and dynamic academic community that is dedicated to fostering intellectual growth, personal development, and a lifelong love for learning.

I invite you to discover the myriad opportunities within our diverse range of Bachelor's and Master's programs at the college. Whether you are passionate about Science and Information Technology, Humanities, and Management, we offer a rich tapestry of educational experiences tailored to suit your interests and aspirations.

Thank you for considering us as the next sojourn in your academic journey. We look forward to welcoming you to our campus and helping you achieve your academic and personal goals.

Babu Ram Adhikari, PhD

Master's Program

MA English

MA English program offers students insights into literature, language, culture, and history. The main aim of the program is to develop students' creative, critical, communicative, and literary skills necessary for their practical and professional life.

For Detail

MA Sociology

The MA Sociology program is designed to enhance students' creativity, innovation, critical thinking, analytical problem-solving, and communication skills. This four-semester, 60-credit-hour program aims to develop students' knowledge, skills, and competencies in sociology, enabling them to gain an in-depth understanding of society and contribute meaningfully to its development.

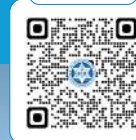

For Detail

MA Journalism & Mass Communication

The MA Journalism and Mass Communication program aims to produce highly competent media professionals who uphold ethical journalism, the free flow of information, and freedom of expression. The college's qualified and experienced lecturers provide students with engaging and practice-oriented learning opportunities. This four-semester program bridges the gap between the classroom and the newsroom by integrating academic knowledge with professional practice.

For Detail

BSc CSIT

For Detail

The BSc CSIT program is designed to prepare students for successful careers in information technology by providing a strong foundation in computer science and information technology. Upon completion of the program, graduates will be able to design and develop real-world software and e-media applications, solve hardware and software problems, and apply modern computing technologies to meet professional and societal needs.

BCA

MBMC offers the Bachelor of Computer Applications (BCA) program under the affiliation of Tribhuvan University. The curriculum includes core areas such as programming, networking, software design and development, database systems, general management, and accounting. By integrating computer science, information technology, and management, the program prepares students for careers in software development, system administration, database management, and other fields of computer applications.

For Detail

BBM

The Bachelor of Business Management (BBM) program is designed for students aspiring to build successful careers as entrepreneurs, business professionals, corporate executives, and managers. Offered by the Faculty of Management, TU, through its affiliated colleges, the program provides a modern and professionally oriented curriculum that develops managerial, analytical, and leadership skills. The program spans four years, is divided into eight semesters, and comprises a total of 120 credit hours.

For Detail

BBS

The Bachelor of Business Studies (BBS) is a professionally oriented undergraduate program that provides a strong foundation in the theoretical and practical aspects of management. It prepares students to become competent managers and entrepreneurs capable of working in various sectors of organized activity. The program is based on the principle that graduates will spend much of their professional lives in a constantly changing environment. Accordingly, it provides students with broad managerial knowledge and practical, reality-based skills necessary for the effective operation and management of organizations. Upon graduation, students are equipped to pursue careers as entrepreneurs, investors, managers, and administrators in business, industry, and government organizations.

For Detail

BA

- English
- Journalism and Mass Communication
- Sociology
- Social Work

The Bachelor of Arts (BA) is a four-year interdisciplinary undergraduate program offered by Tribhuvan University. At MBMC, students study Compulsory English along with courses from disciplines such as English, Sociology, Social Work, and Mass Communication, subject to the combinations and course requirements prescribed by the university and offered by the college. The program follows a credit-based curriculum designed to provide students with broad knowledge, critical thinking, and analytical skills across the humanities and social sciences.
